

Washlah

Your fleet cleaning and grooming solutions partner

www.washlah.sg

Big on people

Central to our business are the people that drives it. We rely on innovative methods and a holistic work culture to retain the best frontlines and forehand staff that sequentially translates to increased productivity for our customers.

Washlah provides the answer for your fleet.

The car wash business has high demands, and no one knows this as well as Washlah. We understand the industry through an expansive experience in the industry. We seek to reinvent the traditional service by providing highly efficient washing technology, optimised processes and comprehensive services for your business.

Our approach is simple.

In everything we do, we not only focus on achieving the best results, we make the people we serve our top priority. Everyone expects to be able to get optimal cleaning and care for their fleet. Results are important, but so is how we get there:

Understanding your needs

We listen carefully to what your customers say they want – and to your requirements as a business.

Exceeding expectations

Our solutions are consistently geared towards your wishes and expectations, and they more than meet these.

Supporting your business

We provide a car wash solution and finish that impresses your customers and earns their loyalty, giving you repeat business.

Improving your cost-efficiency

We offer robust, low-maintenance, approach and extremely efficient techniques – for maximum returns at minimal cost.

Focus on your business and free up valuable man-hours

Over 100k vehicles serviced

We have serviced over 30,000 vehicles from both the corporate and residential sectors. These numbers requires a pedigree of planning and scheduling to ensure car care is delivered within a “clean” threshold period. You will have real-time access to data as these washes are in progress. All options are customisable to suit your needs.

Corporate responsibility

Our operations focus on the use of water mist technology designed to minimise water run-offs. This translates into a significant water savings effort.

Basic wash on-site

Low water run-offs via this wash method makes it ideal where the vehicle is located in a tightly regulated premise. We will be able to provide adequately clean exterior wash and interior care without having to move the vehicle.

Product includes:

- Rinse-free wash
- Rim and tyre clean
- Tyre Shine
- Interior vacuum

Foam wash

Full-on wash and foam services at the next convenient wash bay. Depending on your requirements, this could be a regular fixture on the calendar or introduced with the Basic series for a more comprehensive and effective car cleaning regime. Recommended for vehicles with heavy usage and outdoor parking.

Service includes:

- Foam wash
- Rim and tyre clean
- Tyre Shine
- Interior vacuum
- Interior conditioning

Grooming and polishing

Comprehensive car grooming and protection pack to restore faded paint panels and blemishes from prolong exposure to weather and other detrimental driving conditions. Pre-scheduled or adhoc.

Services includes:

- Foam wash
- Claying
- Polishing and compounding
- Wax and sealants
- Rim degreaser
- Tyre shine
- Interior vacuum
- Paint correction
- Plastics and trims blackout
- Under-hood cleaning

Value-added services

Washlah strives to be a one-stop solution for our partners. We provide anything ranging from pest solutions to nanoceramic coatings. We provide a quick response and budget friendly solution for the services listed below.

- Pest fumigation
- Odour elimination
- Fabric clean
- Upholstery cleaning
- Self-disinfecting anti-microbial coat (new)
- Nano-ceramic coating (new)
- Paint protection films (new)
- Accident repairs (new)
- Spray painting (new)

Kiosks and semi- perm solutions

We partner up with reliable engineering firms to erect a semi-permanent or a full facility kiosk for the clients that requires a more regular solution. This process involves intrusive work on the site that will equip the designated area to handle heavy washing and intercept chemicals runoffs inline with the PUB planning guidelines.
